

14th Annual Neuroscience Conference: Stroke Care Across the Continuum

Nov. 8, 2019

8:45 am–4:15 pm

Wake Forest University
Bridger Field House
Winston Salem, N.C.

Program Overview and Objectives

The 14th Annual Neuroscience Conference: Stroke Care Across the Continuum will explore the latest advancements in acute hospital management as well as post hospital care of the stroke patient. This knowledge-based conference will include the most recent clinical practice guidelines and best practices in stroke care to maximize acute stroke care and recovery as well as provide transitional care post-hospitalization.

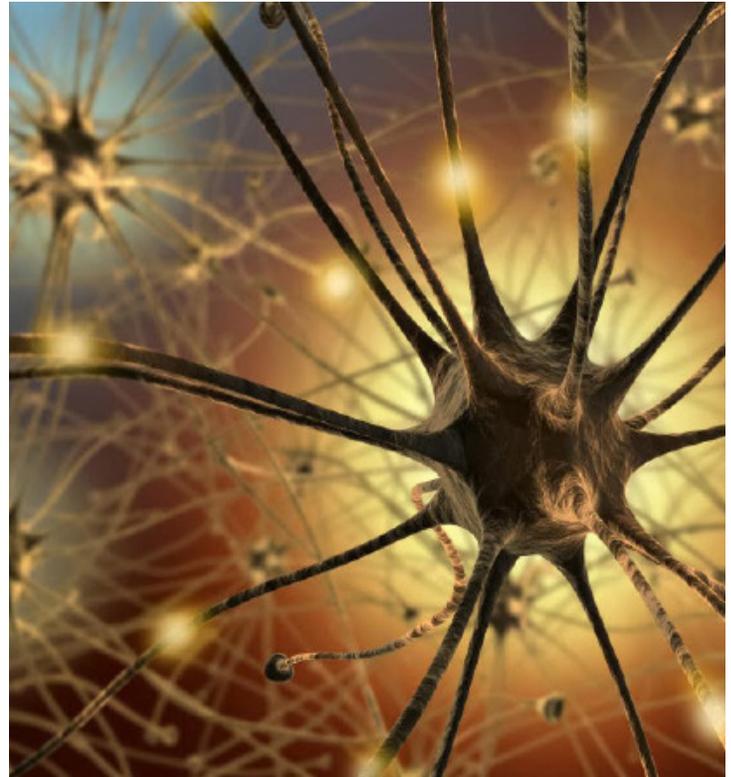

Upon completion of the program, participants should be able to:

- Describe how to incorporate evidence-based medicine into the care of patients with stroke.
- Discuss current treatments and scientific advancements in stroke care.
- Apply techniques learned to optimally manage stroke patients across the continuum.

Who Should Participate

This event will be of particular interest to primary care physicians and providers, nursing professionals, therapists, pharmacists and EMTs. All other health care providers interested in providing excellent comprehensive care for stroke patients are also encouraged to attend.

As part of its commitment to diversity and inclusion, the Northwest AHEC and Wake Forest Baptist Health provides compassionate education and respectful care for all, regardless of sexual orientation, gender identity or expression.
